Optimisation

Web Technologies
Proficient in a diverse array of web
technologies

Communication Skills
Known for excellent communication

MY LIFE PHILOSOPHY

To laugh often and much: To win the
respect of intelligent people and the
affection of children, to earn the
appreciation of honest critics and
endure the betrayal of false friends;
to appreciate beauty, to find the best
in others, to leave the world a bit
better whether by a healthy child, a
garden patch, or a redeemed social
condition; to know even one life has
breathed easier because you lived.
This is to have succeeded. - Ralph
Waldo Emerson
